

Conferenze recenti

- February 2011. Complex and Riemannian Geometry at Luminy. Gives a mini-course: “Twistor spaces and ASD metrics”.
- January 2010. Surfaces Complexes et Feuilletages. Ecole Normale Supérieure de Lyon. Gives a mini-course: “Complex and Hermitian Geometry of class-VII surfaces”.
- October 2009. Seminar at Politecnico di Torino: “On semi-continuity of algebraic dimension”.
- June 2009. Current Geometry. Vietri. Talk: “Complex structures on conformal 4-manifolds”.
- June 2009. INdAM Workshop: Kähler and Sasakian Geometry in Rome. Talk: “On Hermitian geometry of complex surfaces”.
- March 2009. Workshop on CR and Sasakian Geometry. Univ. of Luxembourg. Talk: “Conformal Killing forms in quaternion-Kähler geometry”.
- February 2009. Seminario dip. mat. Univ. Parma. “On the geometry of non-Kähler surfaces”.
- February 2009. Recenti sviluppi in geometria complessa e simplettica. Pisa, Centro “De Giorgi”. Talk: “Elementary divisors in twistor spaces and geometry of Kato surfaces”.
- January 2009. Recenti sviluppi in geometria complessa e simplettica. Pisa, Centro “De Giorgi”. Talk: “Elementary divisors in twistor spaces and geometry of Kato surfaces”.
- March 2008. Centro di Matematica “De Giorgi”, Pisa. Extremal Kähler metrics and Ricci flow. Two talks: “Bihermitian and l.c.K. complex surfaces” and “A twistor construction of bihermitian metrics”.
- November 2007. Symposium “Geometry in Osaka” for the 60th birthday of Prof. A. Fujiki - Talk: “New lck metrics”.
- November 2006. Mathematics Department University of Arkansas at Fayetteville - Colloquium: “On Hermitian geometry of complex surfaces”
- November 2006. AMS meeting 1022. Dirac Operators in Analysis and Geometry, II. Fayetteville, Arkansas. Talk: “Twistor equations in Quaternionic and conformal geometry”.
- June 2006. Berlin - Department of Mathematics Humboldt Universität - Talk: “Anti-self-dual metrics on complex surfaces.”

Convegni organizzati

- Giugno 2009. Roma, INdAM workshop: “Kähler and Sasakian Geometry”.
- Settembre 2005. Roma, “Symmetry in Geometry and Physics”.
- Gennaio 2003. Scuola Normale di Pisa. “Edge midterm review meeting”.
- Giugno 2000. Cortona. “Workshop on holomorphic dynamic and geometry”.
- Settembre 1999. Roma. “Second Meeting on Quaternionic Structures in Math and Physics”.
- Settembre 1997. Bari. “Nuovi contributi Italiani alla Geometria Differenziale”.
- Settembre 1994. Trieste. “Meeting on Quaternionic Structures in Math & Physics”.
